

Double-layer distribution box markings

Overview

ISO 780:2015 specifies a set of graphical symbols conventionally used for marking of distribution packages in their physical distribution chain to convey handling instructions. National Electrical Installation Standards, NEIS, and the NEIS logo are trademarks of the National Electrical Contractors Association. The reason is that “transport packages” does not include “stored” packages, for example, in the practice of “transport packages for dangerous goods”. ISO 780 concerns with packages during storage as well as those during.
