

# Estonian manufacturer of fiber optic cables for smart buildings with vertical shafts

## Overview

DNS is an Estonian brand of structured cabling systems for networking and telecommunication applications. Our experienced professionals are dedicated to delivering high-performance solutions with passion for technology. ETK Kablo is a member of ETK Group which is dealing with cable manufacturing, telecommunication infrastructure, sewerage infrastructure, hydraulic infrastructure, natural gas infrastructure. We specialize in the installation of fibre-optic cables, providing fast and reliable solutions for high-speed data networks. We offer a wide range of cable installation services, including laying cable trays, burying underground cables, and installing overhead lines, as well as connecting and. Designed to work optimally in transport networks, Viper Core is the newest addition to the Viper family from Hexatronic. Every brand has a different purpose. Stingray is perfect for drop connections, while Viper is the go-to choice for metro. Founded in 1979 in Istanbul, ETK Kablo is a trusted Turkish cable manufacturer serving global markets as a high-capacity cable manufacturer in Turkey. From our modern cable factory in Sancaktepe (15,000 m<sup>2</sup> indoor on a 40,000 m<sup>2</sup> site), we export to 120+ countries with computer-aided production.
