

Fiber Optic Dual-End Adapter

Overview

Get low-loss fiber optic adapters/couplers with good repeatability and durability for precisely mating two ends of a fiber optic cable. Multiple connector options available. Most commonly, they provide for interconnection of cables having similar connectors in order to facilitate passage through an enclosure wall or to extend cable length. Products incorporating standard. L-com stocks a wide range of fiber optic couplers and adapters. Fiber optic's advantages over copper cabling are well known immunity to EMI and RFI, low attenuation over long distances, high bandwidth capacity, smaller size and lower weight. Fiber optic cable is also difficult to tap and intercept. This Product Category has products that are hidden either due to your Product Country of Use settings or your chosen filters. Connector types include LC Duplex, SC Simplex, ST and MPO in multimode and singlemode for up to 12 fibers. Belden also offers KeyConnect and MDVO Fiber Adapter modules.
