

Kuwait High-Frequency Switching Power Supply 20kW

Overview

The IM100-20KF series high-frequency switching rectifier module is an AC-DC module with adjustable AC voltage input and DC voltage output. It features high power density, high power factor, low harmonics and high efficiency, and has the performance of multi-module parallel connection. The 5-inch touchscreen display offers intuitive control while displaying both set and measured values. Built-in protection features help prevent damage to the power. Established in 1992 AL FAJR AL JADID has grown from a small enterprise to a reputable establishment for Industrial Automation and Control Services, Supplier of Electrical Control Components and Solutions, and Manufacture of Electrical Control Switchgear. To mention some of our activities: 1. We are official distributors of globally reputed brands such as Honeywell smart energy/metering system, Elmex, Motwane, Schneider Electric, GIC, Parker, ABB,EON, and Thronlux lighting. our products fit the needs of businesses, educational and professionals.
